

Summer Salt Vessel - Terms and Conditions of Hire

We require a \$200 bond with each hire, payable in cash or by card on the day.

Summer Salt carries 40 passengers including children and infants. Adult passengers are responsible for supervision of children.

Summer Salt is a licensed venue with full bar onboard. Responsible Service of Alcohol (RSA) laws are followed and staff will have the right to refuse service. Alcohol is permitted in moderation. Please monitor your guests, as heavy intoxication within your group will cause your trip to be cut short without a refund.

BYO is permitted by the owner under the conditions that food is being served. You are permitted to BYO food and a BBQ is available for your use, or we have catering options available. (RSA still applies and staff still have the right to refuse service with BYO). BYO is limited to cans only (no glass bottles allowed unless it is wine or champagne). Shots are not permitted.

No sitting allowed on the sides of the vessel, or front deck rails. No standing on seats or tables, nor on the front deck seats. This is to ensure safety of passengers at all times.

Any damage (including toilet blockage) or excessive cleaning will be deducted from the bond.

Marine macerated toilets block easily when instructions are not followed. Please pay attention to the signage in the toilet cubicle and the skippers briefing. A blocked or partially blocked toilet will attract a \$195 per hour fee, and will be deducted from the bond. It will also cause your cruise to be cut short if it cannot be used.

As Renter you are responsible for the behaviour and actions of everyone you bring on board the vessel, and accept full legal responsibility for all persons during the rental period. This is an essential term of the agreement. We reserve the right to return to the pick-up location earlier than the designated time without refund if any person introduced to the vessel by the renter does not follow instruction from the skipper or staff.

Be aware swimming can be hazardous, and we take zero responsibility if any person is injured in any way if they step, jump, or are pushed off the vessel. Be aware it is an offence to jump off, or push someone from a moving vessel.

Signed by the renter after reading and understanding his/her obligations. Please communicate with the skipper for clarification of these obligations prior to acceptance.
